- It contains important information including the remaining courses/credits you need to graduate high school
 - **If you have not shared this with your parent and/or guardian, please do that TODAY**

Post-Secondary Options

Colleges and Universities

4-Year College/University

- Check the school's admission requirements by visiting the school's website, as requirements vary from school to school and year to year

Understanding Application Types

- **Early Decision I & II (Binding)** – Cannot apply early decision to other colleges but can apply regular decision. If accepted for early decision, must attend.
- **Early Action (Non-Binding)** – Can apply early to other colleges and can apply regular decision. Will receive admission decision before regular decision deadlines.
- **Rolling Admission** – Open admission, decisions given throughout the year as applicants are received and until limit set by institution met.
- **Regular Decision** – Standard deadline date established by the institution, with no priority or early
- **Priority Deadline** – Similar to rolling admissions, but priority consideration around financial aid, housing, etc. is typically offered to these applicants

SAT/ACT Testing for College Admissions

- SAT/ACT test scores are usually required, with explicit score minimums at www.usg.edu > Prospective Students > Freshmen > SAT/ACT Test Score Requirements
 - Test-optional: Colleges/universities can use the student's grade point average on the required high school curriculum without a standardized test score at the following minimum grade point averages (GPA):
 - 3.4 HOPE GPA for research universities
 - 3.2 HOPE GPA for comprehensive universities
 - 3.0 HOPE GPA for state universities
- Test scores will continue to be required to apply for Zell Miller scholarships in accordance with state of Georgia requirements.

6 Steps to the College Process

1. *Determine what college(s) you're applying to & know their deadline(s)
2. Determine the application type(s) – i.e., *Common App, Common Black College App, Direct to Institution*
3. Complete your online profile/submit your application(s)
4. Pay application fee(s)
5. Send your test scores directly from the sites (Collegeboard/ACT) – this cannot be done by HS!
6. Use Naviance – our “delivery system” – to: (1) Send your official transcript and/or (2) Obtain teacher letter of recommendations

Remember – as the student/applicant, be sure to track your admissions status directly from the institutions' websites.

***It is highly recommended that you take college campus tours!**

Most (if not all) are free of charge and can easily be scheduled online directly from the college/university's websites.

Be Intentional About Where You Apply

BUILDING A COLLEGE LIST

“Reach schools” are those where your academic credentials fall below the school's average range for the freshman class.

“Range schools” are schools where your academic credentials fall within or perhaps slightly exceed the school's average range for the freshman class.

“Safety schools” are schools you will almost definitely get into because your academic credentials are much better than the typical average range for the freshman class.

REACH SCHOOLS

Apply to 1 or 2

RANGE SCHOOLS

Apply to 2 or 3

SAFETY SCHOOLS

Apply to at least 1

2-year College/Technical College & Trade School

- Proof of high school graduation/GED is required – providing your final high school transcript will satisfy this. Follow the transcript request process to accomplish this.
- SAT/ACT exams are accepted, however the Accuplacer is accepted and often offered directly from the school.
 - Less expensive than taking the SAT/ACT and serves as a placement exam vs. admissions exam.
- Programs are typically career focused and completed in 2-years or less
 - Trains students for a specific job in a career field, immediately ready to work
- Technical/Trade careers can include ones related to: *Aviation, Criminal Justice, Welding, Cosmetology, Carpentry, Drafting, Automotive Technician, Medical & Dental Assisting, Graphic Design, HVAC Technician, Electrician, Paralegal, Early Childhood Care, Horticulture, Accounting, Cybersecurity & Networking, Film & Video Production, EMT/AEMT (Paramedic), Supply Chain Management, and more!*

Military/Armed Forces

- The five branches are: **Air Force, Army, Coast Guard, Marine Corps, Navy**
 - Reserve & National Guard are various options within
- Every branch of the military sets its own standards for enlisting, so learn about the specific requirements for each, i.e.:
 - Citizenship & Residency
 - Age limits
 - Education: *You must have a high school or general equivalency diploma (GED); must have a degree from a four-year college to join as an officer*
 - Testing Requirements: *Armed Services Vocational Aptitude Battery (ASVAB)*
 - Physical & Medical Requirements
- In general: (1) Make contact with a branch recruiter, (2) take the ASVAB, (3) graduate, and (4) request your final high school transcript
- Additional information can be found online at: <https://www.usa.gov/military-requirements>

Workforce/Apprenticeship

- **On-the-job short-term or long-term training** is provided by an employer at the beginning of a new job.
- Training can last 1 - 5 years, **often paid**.
- The completion of an apprenticeship is generally associated with skilled labor.
- These kinds of programs **can lead to secure and well-paying jobs without the need for any college expenses**.

The Common Application

- The Common App is an undergraduate college admission application that applicants may use to apply to any of the 500+ member colleges and universities.
- If a school uses Common App, use Common App!
- You can access the Common App by going to www.commonapp.org
- Some schools are Common App exclusive, which means they do not accept any application other than the Common App. Some schools accept both the Common App and their own individualized, web-based application or the Coalition Application.
- Of course, this does not apply for schools who do not accept the Common App. To view the 500 schools that accept the Common App, check out the members page of the Common App website.
 - **NOTE: Not all colleges and universities are on the Common App and have their own, individual applications that, in most cases, are web-based and can be found via the school's undergraduate admissions website.**

Common App Matching

- Naviance is a delivery system that can connect to your Common App!
- For Common App schools, students are required to match their Common App and Naviance Student accounts.
- In order to match the Common App account, students must:
 - (1) Create a Common App account
 - (2) Complete the Education section of the Common App
 - (3) Sign the FERPA Release Authorization in the Common App
- Once completed, select “Match Accounts” from Naviance – pictured below.

- After matching your Common App account, your colleges/universities listed there will auto populate here.
- Just because a school is not on the Common App, does not mean that they do not accept the transmission of important documents, like letters of recommendation and official transcripts, through Naviance.
 - Be sure to indicate “Direct to Institution” for these non-Common App schools.
- This is also where you will request Teacher Letters of Recommendation.

Letters of Recommendation

- Allow **at least 3-4 school weeks** for your teachers to complete their recommendation portion of your application!
- Students “invite” their teachers to upload and send letters of recommendation in two steps:
 - (1) Provide your teachers with a copy of your senior brag sheet/academic resume *(if not already completed in Naviance)* to include a list of colleges/universities to which you are asking the teacher to write.

(2) Add the request under your “Colleges I’m Applying To” tab from Naviance.

- **IMPORTANT: ASSIGN YOUR TEACHERS TO INDIVIDUAL SCHOOLS – NOT “All Applications”.**
-If the school does not require a teacher letter of recommendation, they do not use it in the admissions process.
DO NOT ASK YOUR TEACHER FOR ONE IF THIS IS THE CASE!

- It is the student’s responsibility to research/know which schools require a letter of recommendation.

Adding Teacher Recommendation Requests in Naviance
